

# WHAT IS LEGACY PARKWAY & PRESERVE?

Legacy Parkway & Preserve is a 14-mile roadway and trail system through southern Davis County. The Parkway connects to I-215 near the existing Redwood Road interchange in North Salt Lake and ties into U.S. 89 and I-15 in Farmington. **Many alternatives** were considered, including a No-Build Alternative.

## CORRIDORS CONSIDERED

In the beginning, several regional corridors were considered to determine which would best meet the needs of the traveling public.

## ALTERNATIVES CONSIDERED

Once a regional corridor was identified, UDOT looked at several different alternatives within the regional corridor to determine which would best meet the needs of local communities, accommodate travelers and balance impacts to the environment. Several alternatives are still under consideration. Alternative E is UDOT's Preferred Alternative.
